Metro replacement bus

Towards Whitley Bay Towards Monument

A replacement bus service is sometimes used when there are unexpected delays to the Metro service.

There may be a delay in providing the replacement bus service, however, every effort will be made to keep delays to a minimum.

Metro apologise for any inconvenience this may cause.

During planned modernisation work a replacement bus service will sometimes be required. Planned service changes will be shown on station engineering posters and passenger information display boards.

Replacement bus service stops are usually at or close to Metro stations and are shown on the map.

For more information use the station Help Point or contact a member of the Customer Services Team.
